**Confessions of a Brazilian Bikini Waxer**

Have you ever been curious about this waxing style, its origins, and what actually happens in the waxing studio? Reny Ryan, a powerful Latina from Brazil, discusses her book, Reny left Brazil and an abusive marriage and with her little son and arrived in the U.S. 25 years ago. As a single mother she struggled to succeed in her new adopted country and today she is a self-made business woman. She lives in Pleasant Hill, CA, where she owns her waxing studio where she waxes, as she would say, over 1,500 “hairy creatures” a year
